JOB DESCRIPTION: Full-Time Research Assistant To:

Professor Amir Kermani, University of California, Berkeley

I am looking for highly skilled and motivated individuals to work as my full-time research assistants for a period of one year. The appointment would start in July 2018. The job will entail close collaboration with all stages of the research process on a number of new and ongoing empirical projects in the fields of macro-finance, household finance and financial intermediation.

This position offers the opportunity to gain exposure to and training in a broad set of economic research topics and methodologies before pursuing a PhD in economics. The chosen candidate will also gain valuable experience analyzing large data sets and working with programs such as Stata, Matlab and Python.

The ideal candidate will: (i) have a strong quantitative background; (ii) have completed a 4 year undergraduate degree in Economics from a top ranked college or university; (iii) have programming experience, especially in Stata and Python or Matlab; (iv) be able to work independently to solve problems; and (v) be planning to pursue a PhD in Economics or a related field.

If interested, please provide:
• A one page cover letter briefly describing your academic career and future study goals.
• A CV.
